

CORPORATE GOVERNANCE STATEMENT AND CORPORATE GOVERNANCE REPORT

Part of the Group Management Report

The Executive Board and Supervisory Board of Viscom AG are committed to the principles of sound corporate governance. These principles are a crucial element of the modern capital market and are intended to strengthen the trust of investors and the public in the management and supervision of listed German companies. The principles of responsible and effective company management and controlling aimed at transparency and value creation determine the actions of Viscom AG's management and supervisory bodies.

In accordance with section 3.10 of the German Corporate Governance Code and section 289f HGB, Viscom AG's Executive Board, also on behalf of the Supervisory Board, reports on the company's corporate governance in this section.

Declaration in accordance with section 161 of the German Stock Corporation Act

The Executive Board and Supervisory Board of Viscom AG submitted the annual compliance statement in accordance with section 161 AktG on 22 February 2019. It has been published and is permanently accessible in the Investor Relations/Corporate Governance section of Viscom AG's website at www.viscom.com/europe.

Wording of the 2019 compliance statement

The German Corporate Governance Code sets out important statutory regulations regarding the management and supervision of listed German companies and contains internationally and nationally recognised standards for sound and responsible company management. The purpose of the Code is to make the German corporate governance system clearer and more transparent. It aims to increase the confidence of international and national investors, customers, employees and the public in German company management and supervision. Section 161 AktG requires listed companies to declare once a year whether the recommendations of the Government Commission on the German Corporate Governance Code as published by the Federal

Ministry of Justice have been complied with or which recommendations have not been or will not be followed ("comply or explain").

The following compliance statement refers to the recommendations by the Government Commission on the German Corporate Governance Code in the version dated 7 February 2017 as published by the Federal Ministry of Justice in the official section of the Bundesanzeiger (Federal Gazette) on 24 April 2017.

In accordance with section 161 AktG, the Executive Board and Supervisory Board of Viscom AG declare that the recommendations by the Government Commission on the German Corporate Governance Code have been and are complied with. The statement has been made permanently available to the public on the company's website. The following recommendations have not been and will not be followed:

1. The company has decided to exclude deductibles from its liability insurance (D&O insurance) for the Supervisory Board (item 3.8(3) of the Code).

The company has complied with the legal requirement to implement a deductible for Executive Board members in accordance with section 93(2) sentence 3 AktG in conjunction with section 23(1) sentence 1 of the Einführungsgesetz zum Aktiengesetz (EGAktG – Introductory Act to the German Stock Corporation Act) as at 1 July 2010, but has not yet introduced a corresponding deductible for the Supervisory Board as well. In the company's opinion, the nature of the Supervisory Board mandate, which is also emphasised by differences in remuneration, makes it reasonable to differentiate between the Executive Board and Supervisory Board. Extending the D&O insurance deductible to members of the Viscom AG Supervisory Board therefore did not appear appropriate. Furthermore, a deductible for intentional infringement of obligations does not come into question and a deductible in cases of negligence in other countries has been rather uncommon to date. Therefore, there was and is

the concern that the agreement of a deductible could present a future obstacle with regard to the search for appropriate Supervisory Board candidates who also have international experience.

2. The company has no chairperson (item 4.2.1 of the Code).

Given the size of the Executive Board, the Executive Board and the Supervisory Board believe that a chairperson is not required on a board with four members. In addition, stock corporation law is based on a principle of consensus, i.e. on a collegial rather than a hierarchical Executive Board. A strong principle of consensus has prevailed within the Executive Board (and previously within the management) since the company was founded. All significant decisions are made together by the full Executive Board at all times.

3. The long-term assessment basis for variable remuneration components is not essentially forward-looking, negative developments are not taken into account when determining variable remuneration components and there are no maximum limits regarding the amount of total remuneration and variable remuneration components (item 4.2.3(2) of the Code).

The long-term variable remuneration paid to the Executive Board of Viscom AG (Bonus II) is calculated on the basis of average consolidated EBIT for the last three years in conjunction with the achievement of a defined minimum average EBIT over the assessment period and positive EBIT in the past financial year. The Executive Board and Supervisory Board are of the opinion that this variable remuneration structure compels the members of the Executive Board to focus on the long-term success of their activities, as they can only expect to receive variable remuneration as at the end of the respective three-year period if average EBIT develops positively during this period. This arrangement therefore has a corresponding long-term incentive effect with positive forward-looking characteristics. In the opinion of the Executive Board and the Supervisory Board, the rolling

nature of the three-year assessment period means there is no need to introduce instruments to take further account of negative developments.

The total variable remuneration components (Bonus I and Bonus II) are capped at 100 % of fixed annual gross remuneration. As the amount of fixed annual gross remuneration of the members of the Executive Board is fixed, in the opinion of the Executive Board and the Supervisory Board there is no additional gain to be had from setting the maximum limit as an amount as opposed to as a percentage.

4. The employment contracts with the members of the Executive Board of Viscom AG provide for no payment caps on severance compensation in the case of early termination of the Executive Board mandate (item 4.2.3(4) of the Code).

The Executive Board contracts do not contain any provisions for a payment cap on severance compensation in the case of early termination of the Executive Board mandate of a maximum of two years' remuneration, including in the form of (modified) tying clauses. Legal enforcement of a cap on severance pay for the member of the Executive Board would often not be possible in the relevant cases. If there is neither cause for dismissal in accordance with section 84(3) sentence 1 AktG nor cause for extraordinary termination of the employment contract in accordance with section 626 of the Bürgerliches Gesetzbuch (BGB – German Civil Code), the contract with the Executive Board member concerned can only be terminated subject to mutual agreement. In such cases, Executive Board members have no obligation to agree to caps on severance pay within the meaning of the recommendations of the Code. These (modified) connection clauses that tie the termination of the Executive Board contract to dismissal for cause and provide for a cap on severance pay in such cases cannot be implemented unilaterally by the Supervisory Board against the will of the Executive Board member in question (deviation from item 4.2.3(4) of the Code).

If premature termination of the Executive Board mandate is carried out for cause for which the Executive Board member is responsible, severance payments must not be made anyway.

5. The Articles of Association and the Rules of Procedure for the Executive Board do not call for a maximum age limit for Executive Board members (item 5.1.2 of the Code).

Given the age structure of the current members of the Executive Board, this status quo is not open to question. The company is also committed to ensuring access to the expertise of experienced members of the Executive Board. Any exclusion based solely on age does not appear expedient to the Executive Board and Supervisory Board, since the optimum composition of the Executive Board could thereby be prevented for merely formal reasons. An age limitation in the Articles of Association or the Rules of Procedure has been and is therefore deemed unnecessary.

6. The Supervisory Board has not formed any committees, and in particular has not formed an audit committee (items 5.3.1, 5.3.2, 5.3.3 of the Code).

The Supervisory Board consists of just three members. In the opinion of the Supervisory Board, the formation of an audit committee is not expedient under the specific circumstances of the company and – unlike in larger governing bodies – does not increase efficiency. All matters are addressed by all members of the Supervisory Board, meaning that the formation of additional committees is not considered necessary. Given that the Supervisory Board of Viscom AG is not subject to co-determination, a nominating committee comprising exclusively shareholder representatives would be obsolete.

7. The fixed remuneration for the Supervisory Board stipulated in the Articles of Association does not take account of chairpersons or committee members (item 5.4.6 of the Code).

The lack of committees on account of the small size of the Supervisory Board renders any further plan for the distribution of remuneration for chairpersons and committee members unnecessary.

Working methods of the Executive Board and the Supervisory Board

The Executive Board and the Supervisory Board of Viscom AG work together consistently and closely, in keeping with sound and responsible corporate governance. They coordinate regularly and promptly in the areas recommended by the Corporate Governance Code, but also on issues beyond these areas.

Executive Board

Viscom AG is a company incorporated under German law, which is also the basis of the German Corporate Governance Code. The two-tier system of management comprising the Executive Board and the Supervisory Board as corporate bodies which hold separate powers is a basic tenet of German stock corporation law. The Executive Board and the Supervisory Board of Viscom AG cooperate in all matters relating to control and supervision of the company in a close and trusting fashion.

The Executive Board of Viscom AG currently comprises four members: Carsten Salewski (Sales, Marketing and International Business), Peter Krippner (Operations), Dr. Martin Heuser (Development) and Dirk Schwingel (Finances). The Executive Board is solely responsible for managing the company in compliance with the law, Articles of Association, Rules of Procedure, resolutions of the Supervisory Board and employment contracts. The primary tasks of the Executive Board are determining the strategic alignment, managing the company and the Group, and planning, establishing and monitoring a risk management system and a compliance system. Furthermore, the Executive Board is required to consider diversity and in particular the fair inclusion of women in the process of filling management positions in the company. In accordance with section 76(4) AktG, the Executive Board of Viscom AG has set targets for the share of women in the two management levels below the Executive Board. The top two national management levels below Viscom AG's Executive Board have a total of 6 and 41 employees respectively. Currently 0 and 8 of these respectively are women. The share of women in the top two management levels below the Executive Board is therefore 0 % and 20 % respectively at this time.

After detailed discussion, the Executive Board of Viscom AG resolved on 31 May 2017 an unchanged target of a 0 % share of women in the top national management level and 20 % for the management level below that. These targets must be achieved by or maintained until 30 June 2020. Employees must be hired and promoted without regard to gender moving ahead, as has also been the case in the past.

All members of the Executive Board are involved in the day-to-day management of the company and bear responsibility for operations.

The Supervisory Board has resolved Rules of Procedure for the Executive Board regulating its responsibilities, work and its mode of cooperation with the Supervisory Board. According to these, members of the Executive Board wield executive powers in the areas of responsibility assigned to them in the allocation of duties. Insofar as measures or transactions of one area of responsibility overlap with those of one or more other areas, all involved members of the Executive Board must be in agreement. If there are any continuing differences of opinion, the Executive Board as a whole must reach a joint decision. These assignments notwithstanding, each member of the Executive Board remains responsible for all management issues (principle of overall responsibility). The entire Executive Board exclusively decides on any matters or transactions which are of extraordinary importance or carry an extraordinary economic risk.

The Executive Board passes its resolutions either at meetings or, in the absence of objections from Executive Board members, outside of meetings using modern means of communication. Two members of the Executive Board constitute a quorum. All resolutions of the Executive Board require a simple majority of the votes cast. Meetings of the Executive Board should take place at regular intervals, weekly if possible. They must take place when required to ensure the well-being of the company. The Executive Board member designated accordingly by the

Supervisory Board is responsible for determining meeting dates, convening meetings, setting the agenda, chairing the meetings and ensuring the minutes are taken.

The Executive Board is also required to regularly inform the Supervisory Board of the company of all matters reasonably of interest to it concerning the company and companies affiliated with the company, especially of all matters covered by section 90 AktG. These reporting duties apply to the full Executive Board. As a rule, Executive Board reports must be presented in written form except when urgency allows or necessitates a verbal report. Furthermore, the Executive Board members must regularly report jointly to the Chair of the Supervisory Board on strategy, business planning and progress, the situation of the company, including its affiliated companies, the risk situation and risk management and compliance, in written or verbal form. The management of the Group is based on a reporting system that takes the form of monthly reports submitted to members of the Supervisory Board. These monthly reports include the consolidated income statement and individual breakdowns for the various Group companies. The reports also include a detailed presentation of the cost structure at Viscom AG and its Group companies, revenue in its system installation regions, incoming orders, order backlog, the number of employees, cash and cash equivalents, total receivables and receivables from subsidiaries, orders placed for the purchase of goods and the inventories of goods as well as partially completed and completed systems.

The Executive Board also reports on significant issues pertaining to the current situation of the company and directly and indirectly associated companies and events that go beyond normal business operations of the company and affiliated companies and are of special importance for the company as occasion requires. Any information relevant to decision making will be made available to the members of the Supervisory Board in a timely manner prior to the meeting.

Members of the Executive Board are subject to comprehensive restraint on competition during their Board membership. They are bound to the interests of the company. Consequently, no member of the Executive Board may allow personal interests to affect his decisions or take advantage of business opportunities to which the company is entitled for his own benefit. Any possible conflicts of interest must be disclosed promptly to the Supervisory Board, and the other members of the Executive Board must be informed. All transactions between the company and the Executive Board members or closely related persons or companies must comply with industry standards. Significant transactions with an Executive Board member or related parties require the consent of the Supervisory Board.

In addition, Executive Board members require the consent of the Supervisory Board to assume other professional roles, particularly the assumption of mandates in other companies.

Both the Executive Board and the Supervisory Board are bound to the interests of Viscom AG. There were no conflicts of interest to be reported to the Supervisory Board in the past financial year. No Executive Board member is a member of any Supervisory Boards at listed stock corporations outside the Group.

Viscom AG has obtained liability insurance (D&O insurance) with a commensurate deductible for all members of the Executive Board.

Mandates of the Executive Board members

Members The members of the Executive Board do not hold any other mandates in other Supervisory Boards required by law or comparable domestic and foreign governing bodies of commercial enterprises.

Supervisory Board

The Supervisory Board of Viscom AG consists of three members who are elected at the Annual General Meeting, without it being bound by any proposals for suitable candidates and with identical terms of office, in compliance with Article 11(1) of the Articles of Association in conjunction with sections 95, 96(1) and 101(1) AktG. The company is not subject to co-determination.

The current members of the Viscom AG Supervisory Board are Prof. Dr. Michèle Morner (Chairwoman), Volker Pape (Deputy Chairman) and Prof. Dr. Ludger Overmeyer.

The Supervisory Board members elected by the Annual General Meeting on 27 May 2014, Mr Bernd Hackmann and Mr Klaus Friedland, both stepped down from the Supervisory Board effective from the end of the company's Annual General Meeting on 30 May 2018. Two new members of the Supervisory Board were therefore elected. In accordance with Article 11.4 of the company's Articles of Association, the new members were elected for the remainder of the outgoing members' term of office. They were individually elected at the Annual General Meeting on 30 May 2018 in accordance with the recommendations of the German Corporate Governance Code. None of the Supervisory Board members were over 70 years of age at the time of the election. The regular term of office for the Supervisory Board is five years. The current term ends with the regular Annual General Meeting that will approve the actions of the members of the Supervisory Board for the 2018 financial year of the company.

The proposals for suitable candidates consider the skills, expertise and experience necessary for the duties of the Supervisory Board. In addition to the company's specific situation, its international activities, potential conflicts of interest, the number of

independent Supervisory Board members considered adequate by the Supervisory Board, the age and time limits for Supervisory Board members and diversity in the composition of the Supervisory Board are all considered. Taking the above criteria into account, the Supervisory Board has determined specific objectives regarding its composition and has prepared a skills profile as required by item 5.4.1 of the Code for the entire Supervisory Board. It will seek to ensure compliance with this profile for the entire Supervisory Board when making future proposals for the election of shareholder representatives to the Supervisory Board. In accordance with section 111(5) AktG, Viscom AG's Supervisory Board is also required to set targets for the share of women on the Supervisory Board. The Supervisory Board of Viscom AG currently complies in full with the specific objectives regarding its composition and the defined profile of skills and expertise for the entire Supervisory Board. As an independent member of the Supervisory Board and on the basis of her education and previous professional activity, Prof. Dr. Michèle Morner has expertise in the field of accounting within the meaning of section 100(5) AktG.

Following extensive discussion, the Supervisory Board of Viscom AG had resolved by circulation procedure and at a joint meeting on 31 May 2017 to keep the target for the share of women on the Supervisory Board at the current level of 0 % until 30 June 2020. Following Prof. Dr. Michèle Morner's election to the Supervisory Board of Viscom AG by way of the Annual General Meeting resolution on 30 May 2018, the share of women on the Supervisory Board of Viscom AG is now one third, surpassing the target. Volker Pape is a former member of the Executive Board of Viscom AG and has been represented in the Supervisory Board since 30 May 2018. He was put forward as candidate in accordance with section 100(2) sentence 1 no. 4 AktG at the proposal of shareholder HPC Vermögensverwaltung GmbH, Hanover,

which holds over 25 % of voting rights in the company. The Supervisory Board endorsed this nomination. The election of Volker Pape was in line the recommendation of item 5.4.2 sentence 3 of the German Corporate Governance Code, which states that the Supervisory Board should not contain more than two former members of the Executive Board, as the Supervisory Board of Viscom AG does not include any other former members of the Executive Board.

By way of resolution dated 8 May 2013, the number of independent Supervisory Board members considered adequate by the Supervisory Board was defined in the Rules of Procedure of the Supervisory Board of Viscom AG as at least two. In the opinion of the Supervisory Board, the current Supervisory Board members Prof. Dr. Michèle Morner and Prof. Dr. Ludger Overmeyer are both independent. Other than their membership of the Supervisory Board, they do not have any business or personal relations with the company or its Executive Board.

The Supervisory Board monitors and advises the Executive Board on management of transactions. It is involved in strategy and planning in addition to all matters of fundamental importance to the company. The Supervisory Board has resolved Rules of Procedure for the Executive Board, in accordance with the company's Articles of Association. The standing rules include the provision that specifies the types of major transactions of the Executive Board that require the Supervisory Board's approval. The Supervisory Board's further responsibilities include appointing Executive Board members, determining the remuneration system for the Executive Board and its individual members, and examining the company's single-entity and consolidated financial statements. The Supervisory Board must also consider diversity in the composition of the Executive Board. In accordance with section 111(5) AktG, Viscom AG's Supervisory Board

is required to set targets for the share of women on the Executive Board. In light of the long-term succession planning for the Executive Board of Viscom AG that was initiated in autumn 2017, the Supervisory Board of Viscom AG reviewed the existing target for the share of women on the Executive Board of Viscom AG at its joint meeting on 8 February 2018 and, after detailed discussion, resolved to retain its target for the share of women on the Executive Board of Viscom AG at the current level of 0 % until 30 June 2020. In addition to the success of the current Executive Board, this decision was taken because, in the opinion of the Supervisory Board, internal candidates should be given precedence in any reappointment to or expansion of the Executive Board in order to ensure continuity within the company. As the share of women at the first management level below the Executive Board is currently 0 %, it would be unrealistic to expect to be able to increase the share of women on the Executive Board of Viscom AG in the short to medium term.

Work within the Supervisory Board is coordinated by the Chairwoman of the Supervisory Board or, in her absence, by the Deputy Chairman. The Chairwoman of the Supervisory Board also chairs the Supervisory Board meetings and upholds the Board's interests when representing it. Furthermore, she is authorised to issue the declarations of intent on behalf of the Supervisory Board that are necessary to implement Supervisory Board resolutions. In urgent cases, this also includes the provisional approval of company transactions that, in accordance with the Rules of Procedure for the Executive Board, require the Supervisory Board's approval. Individual tasks and rules of procedure are stipulated in the Rules of Procedure of the Supervisory Board which have been resolved by the Supervisory Board in accordance with the Articles of Association. This includes rules regarding the authority of the Chairwoman of the Supervisory Board and her deputy, in addition to rules pertaining to conflicts of interest and efficiency reviews. According to these, the Chairwoman of the Supervisory Board is required to maintain

regular contact with the Executive Board and to discuss strategy, business development and the company's risk management with it. If she becomes aware of significant events of material importance for the assessment of the company's situation and development or for its management, she is required to inform the Supervisory Board and to convene an extraordinary Supervisory Board meeting if necessary.

The Supervisory Board held seven regular meetings in the 2018 financial year, including one meeting for an efficiency review under exclusion of the Executive Board. The Chairwoman of the Supervisory Board or, in her absence, the Deputy Chairman, convenes meetings in writing with notice of 14 days. In urgent cases, the Chairwoman of the Supervisory Board can shorten the notice period appropriately and convene the meeting verbally, by telephone, in writing, by fax or e-mail. The agenda and proposals for resolutions must be included with the invitations.

In accordance with the Rules of Procedure of the Supervisory Board, all meetings should be held in person. But meetings can also be held as video conferences or conference calls, or individual Supervisory Board members can take part in the meeting via phone or video. It is also possible to adopt resolutions using votes cast in writing, by telephone or using electronic forms of communication as long as this is ordered by the Chairwoman's and no objections are raised by other members of the Supervisory Board within a reasonable period set by the Chairwoman of the Supervisory Board. The Chairwoman of the Supervisory Board must keep a record of and sign all resolutions made in a written or other form.

All resolutions of the Supervisory Board require a simple majority unless stated otherwise by law or the Articles of Association. The Chairwoman of the Supervisory Board or, in her absence, the Deputy Chairman, casts the deciding vote in the case of a tie.

Barring different arrangements made by the Supervisory Board for individual cases, all members of the Executive Board attend the quarterly meetings of the Supervisory Board. The Executive Board's written reports for the Supervisory Board are handed out to the Supervisory Board members, unless the Supervisory Board has decided on a different approach in a given case.

The members of the Supervisory Board are independent from the management and maintain no business links with the company that could influence the independence of their opinion. Since 1 July 2018, Supervisory Board member Volker Pape and the company have had a long-term consultancy agreement which goes beyond the scope of consulting and monitoring duties performed by Mr Volker Pape as a member of the Supervisory Board of the company, and so this agreement is remunerated separately. This consultancy agreement aims to continue making use of the contractor's experience and expertise after his many years of successful work for the company as a way of ensuring continuity, supporting old and new members of the Executive Board and retaining the contractor as a consultant in the long term. The consultancy agreement was entered into at market conditions. Nonetheless, Mr Pape abstained from the Supervisory Board's resolution on approving the consultancy agreement in order to avoid a potential conflict of interest. Both independent members of the Supervisory Board, Prof. Dr. Michèle Morner and Prof. Dr. Ludger Overmeyer, voted to give their approval.

In its report to the Annual General Meeting, the Supervisory Board provides information about any conflicts of interest that may have arisen during that financial year. Other than the potential conflict of interest regarding Mr Volker Pape in connection to the Supervisory Board's resolution on his consultancy agreement described above, there were no conflicts of interest that had to be reported to the Supervisory Board in the past year.

The company has obtained D&O insurance with no deductible for its Supervisory Board members.

Detailed information on Supervisory Board activity during the 2018 financial year is included in the "Report of the Supervisory Board" to the Annual General Meeting.

Mandates of the Supervisory Board members

The Chairwoman of the Supervisory Board of Viscom AG, Prof. Dr. Michèle Morner, was a member of the Supervisory Board of KUKA AG from February 2017 until June 2018 and has been a member of the Nominations Committee of the Financial Reporting Enforcement Panel (FREP) since April 2015. The Supervisory Board members Volker Pape and Prof. Dr. Ludger Overmeyer do not hold any other mandates in other supervisory boards required by law or comparable domestic and foreign governing bodies of commercial enterprises.

Bernd Hackmann, Chairman of the Supervisory Board of Viscom AG until 30 May 2018, was Deputy Chairman of the Supervisory Board of LPKF Laser & Electronics AG from May 2012 to July 2017 and has been a member of the Supervisory Board of SLM Solutions Group since April 2014. Klaus Friedland, acting as the Deputy Chairman of the Supervisory Board of Viscom AG until 30 May 2018, had no other mandates in other Supervisory Boards required by law or comparable domestic and foreign governing bodies of commercial enterprises.

Structure and working methods of Executive Board and Supervisory Board committees

The company's Articles of Association allow the Supervisory Board to form committees from among its members. The Supervisory Board does not see committee formation as advisable under the circumstances of the company. The purpose of forming a committee, i.e. increasing the efficiency of the decision-making process, would not be achieved with a Supervisory Board

of just three members. All matters are addressed by all members of the Supervisory Board, meaning that the formation of additional committees is not considered necessary.

No Executive Board committees with the purpose of increasing efficiency were formed because of the small size of the Executive Board.

Shareholdings of Board members

The members of the Executive Board presently hold the following numbers of shares in the company:

- Dr. Martin Heuser:
265,650 shares held directly; Dr. Heuser also holds 50 % of HPC Vermögensverwaltung GmbH, which in turn holds 4,869,085 Viscom AG shares.
- Carsten Salewski:
7,150 shares held directly.
- Dirk Schwingel:
6,500 shares held directly.
- Peter Krippner:
3,000 shares held directly.

The members of the Supervisory Board presently hold the following amounts of shares in the company:

- Volker Pape:
255,000 shares held directly; Mr Pape also holds 50 % of HPC Vermögensverwaltung GmbH, which in turn holds 4,869,085 Viscom AG shares.
- Prof. Dr. Ludger Overmeyer:
1,500 shares held directly.

Shareholders and Annual General Meeting

Shareholders of Viscom AG exercise their co-determination and control rights at the Annual General Meeting that is held at least once a year. The Annual General Meeting decides on all legally regulated issues with a binding effect for all shareholders and for the company. Each share grants one vote (one share, one vote) in the decision-making process.

The Annual General Meeting elects the Supervisory Board members and decides on approving the actions of the Executive Board and Supervisory Board. It regularly decides on the appropriation of retained earnings, the selection of the auditor, capital and structural measures, the approval of company contracts and any changes to the company's Articles of Association. At the Annual General Meeting, the Executive Board and Supervisory Board render account of the past financial year. The German Stock Corporation Act (AktG) provides for convening an extraordinary General Meeting in special cases.

Shareholders are entitled to take part in the Annual General Meeting if they register in due time and provide proof of their right to attend the Annual General Meeting and exercise their voting right. Shareholders who cannot attend in person can exercise their voting right via a bank, shareholder association or any other authorised representative. The company offers shareholders who do not wish to or are unable to exercise the voting right themselves the option to vote at the Annual General Meeting via a proxy determined by Viscom AG and bound by the shareholders' instructions. This facilitates the exercising of shareholders' rights in compliance with the provisions of the Code.

The invitation to the Annual General Meeting and all information and reports necessary for passing resolutions are made accessible to the public on the website of Viscom AG in German, as stipulated by the laws governing stock companies.

Remuneration report

Viscom AG complies with the recommendations of the German Corporate Governance Code by disclosing the individual remuneration of the Executive Board and Supervisory Board. The remuneration report forms part of the management report.

Remuneration of Executive Board members

Remuneration of Executive Board members is determined by the Supervisory Board, and consists of a fixed annual salary, payable in twelve equal monthly rates and a 13th month's remuneration, and a performance-based bonus. Total remuneration, comprising a fixed annual salary and a performance-based bonus, must be reviewed every two years to ensure it is appropriate. The following bases of measurement relate to consolidated figures.

The performance-based bonus comprises Bonus I relating to the financial year just ended and the long-term Bonus II. The total bonus is capped at 100 % of annual fixed remuneration for all Executive Board members.

Calculated on a straight-line basis, Bonus I is between one month's fixed remuneration for EBIT of € 1 million and 13 months' fixed remuneration for EBIT of € 15 million. EBIT must amount to at least € 1 million, otherwise the member of the Executive Board is no longer entitled to Bonus I.

Calculated on a straight-line basis, Bonus II is between one month's fixed remuneration for average EBIT of € 1 million and 13 months' fixed remuneration for EBIT of € 15 million. The bonuses are calculated on the basis of average EBIT generated in the three most recent financial years, i.e. the year just ended plus the two before that. EBIT must total at least € 1 million, otherwise the member of the Executive Board is no longer entitled to Bonus II. There is also no entitlement to Bonus II if EBIT was negative in the past financial year. This claim can be revived retroactively if EBIT of more than zero is achieved again in the following financial year.

There is no stock option programme for management or employees at Viscom AG.

Information on relevant company management practices

Compliance with the law is our duty as a company, and it is in every company's own interest to reduce risks. Viscom sees it as its responsibility to comply with all laws and internal regulations – voluntary obligations and ethical principles also form an integral part of its corporate culture.

In order to actively meet local and international responsibilities, the Executive Board has developed, approved and introduced a compliance policy and corresponding annex for the employees that goes beyond the statutory rules of conduct applicable to all members of governing bodies and employees of the Viscom Group. This "Corporate Compliance Policy" stipulates how to deal with business partners and government institutions, how to maintain secrecy, independence and objectivity and how to act in cases of conflict of interest. These principles include the avoidance of corruption and cartel agreements, compliance with data security guidelines, equal opportunity and adherence to product safety and occupational health regulations.

They are available to Group employees on the intranet, where they can be accessed at all times in German and English. A whistle-blower system allows employees to report certain serious legal infringements to Viscom AG. This allows the Compliance Officer and where applicable the Executive Board to work towards containing damage and preventing further damage.

The Compliance Officer is responsible for maintaining and updating this policy.

Compliance is an integral part of Viscom's business processes and has formed the basis for a comprehensive and long-term management process, which is an ongoing and central task for the company. The topic of compliance must evolve constantly in order to react to the opportunities for improvement and the changing demands of global business. It is the basis for ongoing change and improvement, making it a living process within the company that will never be completed. More information about the compliance policy is available in the Company/Corporate Compliance section of the company's website at www.viscom.com/europe.
